

Illinois Moratorium

American Access is mindful of the COVID-19 and continues to closely monitor the situation. We understand that these are very difficult times. As a result, many of our customers may be facing financial challenges and we are here to help.

American Access has put into place a non-payment cancellation moratorium **effective 03/09/2020 through 05/31/2020**. Any Policy cancelled for non-payment, during the time frame outlined, will be reinstated and noted, accordingly.

During this time we will continue to assess the needs of our policy holders, regardless of the status of their policies. We kindly ask that you please instruct your insureds to contact us with any claims that arise.

We thank you for your continued business!
